FREE: Flood Proofing Workshop for Community Officials

You are invited to a workshop to learn about flood proofing actions you can take to reduce flood risk in your community.

This is your chance to receive training on different types of flood proofing techniques from the U.S. Army Corps of Engineers (USACE). The flood proofing discussion will include topics such as elevating buildings, wet and dry flood proofing, and relocation/acquisition. You will also hear about federal and state programs that may be available to assist your community with flood proofing. Federal and state agency representatives will be on hand to discuss other floodplain management topics, such as the National Flood Insurance Program and Community Rating System.

Workshop Information

When: **June 18, 1:00-3:30 p.m.**

Where: **New York State Preparedness Center**
5900 Airport Road
Oriskany, NY

Registration: **https://www.eventbrite.com/e/nonstructural-flood-proofing-measures-workshop-tickets-62962250787**

For more information on flood proofing please visit the USACE National Nonstructural Committee Website: https://www.usace.army.mil/Missions/Civil-Works/Project-Planning/nfpc/

Questions about the Workshop?
Contact Laura Ortiz, U.S. Army Corps of Engineers, at (716) 879-4407 or laura.v.ortiz@usace.army.mil

American with Disabilities Act (ADA) Information: The meeting site is accessible to persons with disabilities. Reasonable accommodations for people with disabilities are available upon request to Jason Miller before 14 June 2019.

This workshop is being hosted by the NY Silver Jackets, an interagency team working together to reduce flood risk in New York State.
